

DYAL SINGH PUBLIC SCHOOL SECTOR-7, KARNAL

Newsletter September, 2022

Life is all about happiness and as human beings, social interaction with our fellow beings not only brings happiness but also helps us grow our capacity to learn more. In the chaotic and stressful planet we inhabit, happiness is overshadowed by negativity and insecurity and so the need for something that can bring positivity has been felt time and again. Festivals give us the opportunity to forget all our worries and celebrate the positive side of life. They bring us together in a bond of love, irrespective of colour, creed, race and religion.

They are not merely moments that are to be celebrated in joy. They are also moments that we need to reflect about our existence. We need to take this as a moment to be thankful and appreciative of all those who contributed to our life.

We need to take into consideration that it is our duty to spread the merry and cheer that festivals stand for.

On behalf of Dyal Singh Family, I wish you and your families an enjoyable festive season.
