

## SCHOOL BULLETIN

DYAL SINGH PUBLIC SCHOOL , SECTOR-7 KARNAL

Ralph Marston once said “Excellence is not a skill, It’s an attitude.” This quote is a reminder that achieving excellence in any field requires more than just possessing the necessary skills or talents but it also involves having the right attitude and mindset. This implies dedicating yourself to give your best in everything you do, and being open to learning and improving along the way. By adopting a mindset of excellence and embracing hard work, dedication and perseverance, you can achieve your goals and excel in any area of your life.

Remember that your actions are more powerful than your words and that taking the first step towards your goals is often the hardest part. However, with belief, confidence, commitment and action, you can turn your aspirations into reality. By combining knowledge and information with determination and time, you can reach the pinnacle of success and create meaningful milestones that make a positive impact on your life and the world around you.

So, I encourage you to adopt an attitude of excellence and keep striving to do your best and never lose sight of the power of your own attitude and mindset.

All the best for your future endeavours !

Head Mistress

### ACTIONS SPEAK LOUDER THAN WORDS

- 8 students, 4 at National Level and 4 at School Level, from Grades V to X acquired considerable ranks in the Junior IAS Exam. They received medals and certificates.
- The school team of 4 students from Class XII participated in 16th Edition of Prodigy, the largest Business Management Conclave for school students conducted by Shahid Sukhdev College of Business Studies, Delhi University, after qualifying the Online Round, they appeared for offline round.
