DYAL SINGH PUBLIC SCHOOL SECTOR 7

Dear students

Holidays are a much-needed break from the regular academic routine—but how we use this time defines its true value. I encourage each of you to make the most of your holidays with a balanced approach.

Take this opportunity to clear any academic backlogs and stay updated with your subjects. At the same time, use this period to develop your skills or explore hobbies that bring you joy and growth.

Spend quality time with your family, strengthening bonds and creating meaningful memories. Don't forget your health—engage in physical activities because a healthy mind truly lives in a healthy body.

Use this time wisely and return refreshed, focused and stronger than ever.

Warm wishes
